WINNER · WYNDHAM BUSINESS AWARDS 2026

Excellence in Professional & Business Services

Six years. One garage. Ten thousand clients.

In 2020 Puneet Singh registered as a tax agent and started taking clients from a garage. No staff, no office, no marketing budget - just a promise to explain the numbers in plain language and pick up the phone. That promise is now kept by a team of 25+ across eight offices in five states.

2020

The garage

Registered tax agent. Sole practitioner. A laptop, a phone and the first hundred clients - most of them by word of mouth in Melbourne's north.

2021

First hires, first office

The work outgrows the garage. First team members join and the first office opens in Melbourne's north.

2023

Across Melbourne

Truganina, Cranbourne and Geelong open, following the communities the firm already served.

2025

Interstate

Sydney, Brisbane, Launceston and Perth. One set of systems keeps turnaround fast without losing the local touch.

2026

National recognition

25+ staff. 10,000+ clients a year. Winner, Wyndham Business Awards 2026. Five more finalist placements across three national programs.

"Before building wealth, make sure you've claimed what's already yours."

WHAT HASN'T CHANGED

Plain-language advice

Tax explained the way you'd explain it to a mate - in English, Hindi or Punjabi.

Owner to owner

The firm is run by someone who has done a BAS at midnight. Advice comes from that side of the table.

Local desk, national systems

Every office has its own team. Behind it sits one set of systems, one standard, one 1300 number.
